WESTERN COACHES DIVIDE UP HONORS

Coach Williams (top) and Coach Zuppke.

Football coaching honors in the western conference this season are divided evenly between Coach Williams of Minnesota and Coach Zuppke of the University of Illinois. With the big games of the year all played, neither has met defeat.

ANNUAL BOWLING TOURNAMENT OPENS

Omaha, Neb., Nov. 19.—The ninth annual midwest bowling tournament opened in Omaha today. One hundred and twenty-three five-man teams are entered. This surpasses the St. Louis record of one hundred and nine teams.

The entry list includes teams from Illinois, Missouri, Iowa, Minnesota, South Dakota and Nebraska. St. Louis is sent eleven teams, the largest entry outside of Omaha.

Seven thousand dollars in prize money will be distributed. The winning team will receive \$350 and the winner of the singles championship will get \$150.

It is predicted St. Louis will get the 1915 tournament.

YALE-HARVARD END TRAINING

Now Ready for Big Game of Tomorrow in Stadium—Crimsons Are Favorites.

Cambridge, Mass., Nov. 18.—The football eleven of Harvard and Yale, having completed physical preparation for their combat of Saturday, tonight sought relaxation in new surroundings. The Yale squad arrived at its temporary headquarters in Newton, within a few miles of the stadium, at about the same time that the Harvard players left for Tyngham, for sacking the scenes of their season's training.

At Tyngham island tonight the Harvard men, after dinner, took a brisk walk and then listened to a brief talk from Coach Haughton.

Harvard's strength was said to be at its full measure tonight, with the exception of the loss of Enwright, due to scholastic deficiencies. Rollins was back with the squad in good shape. Cowan has assured himself of the place at left guard, which he was called upon to fill when Taylor strained his back, but the latter is in readiness as a first string reserve for either the line or the center position.

The Yale men during the early evening went for a short walk and retired early.

Trainer Mack said there was not a man in the squad off form, except Wiedemann, the end, who was injured in the Princeton game. Allen, it was believed, would be the choice of the Blue coaches for his place Saturday, although Higginbotham undoubtedly will be called into play during the game.

To become accustomed to the air currents and lights and shades of the stadium, the Yale players will go there tomorrow morning for a short workout. Dr. William T. Bull, Yale's kicking coach, will direct the practice of Guernsey, whose kicking is relied upon by Yale advisers to remove an advantage which Harvard has enjoyed in most of the games this year through Mahan's successful booting.

The Ruddick Hats bowling team of the City league was defeated last night on the Glasmann alleys by the Ed Smyth team and the two organizations are now tied for first place. Reberg of the Smyth team rolled the high score and high average.

Watkins, of the I. L. Clark team, was awarded the Ruddick hat, the weekly prize for the high individual score.

The scores of last night's series follow:

ED SMYTH TAILORING CO.			
	1st	2nd	3rd Total
Ryan	192	174	133—499
Stevens	157	159	154—470

Buchmiller & Flowers	1	5	.167

**MINERS ARE TO
GO TO THE FRONT**

Melbourne, Australia, Nov. 19.—The Miners' Unit which the commonwealth government recently offered to raise, equip and send to the front is now in process of formation. It will be composed of three companies enrolled in districts in Australia devoted to mining, and thus probably New South Wales and Queensland will supply one, West Australia another and the three other states the third. The total strength of the force will be about 1000 men.

The officers of the unit are all to be drawn from the mining specialists in the commonwealth. There will be a headquarters staff and to this a few geologists will be attached.

New Zealand is also making a departure in recruiting a corps of skilled miners and miners' assistants.

READY TO MEET CALIFORNIANS

Coach Norgren's Team Is rejuvenated—Only One Substitute for Backfield—Golden State Men Said to Be Wonders.

Salt Lake, Nov. 19.—Final workouts in preparation for the game against the champions of California will be held this afternoon by Coach Nelson H. Norgren's crippled, though rejuvenated, squad of football talent. A fast signal practice, slight work on breaking up formations and development of several new plays will be their lot.

The Californians will get out on the field late this afternoon for a slight warming up process. Coming from Los Angeles, where they are touted as world beaters, into Utah, they have had a good rest and should be in perfect condition for tomorrow's affair. The game will mean a lot to either team. If Utah wins it will have a claim on western laurels, while the Californians by beating Utah can establish a claim to playing fast football. Laying such a claim as that at present seems to be an obsession in California, where the fans like to say they have the best, but lately have been bereft of that pleasure in gridiron work.

An assembly will be held at the university this noon and speakers have been carded for the event. Plenty of enthusiasm is said to be in evidence and the students of the university in response to criticism, say they are going to show more life tomorrow than was generally suspected ever breathed in Salt Lake valley.

Unique stunts that lead to good advertisement and trouble with the citizenry are said to be in the air, and so the students have turned their attention more to framing up unique advertisements for the day of the game, such as singing, rooting, mauling around pet effigies and the like. They will bring out some new songs, so it is said.

The only handicap Coach Norgren will be under in tomorrow's game will be the absence of Harvey Ward, spectacular halfback of the University of Utah. His place will be taken by John Breckon, who is a running mate of Ward's. Breckon has been pining for a chance all season to show his worth and friends are looking forward to his playing expectantly. They look for him to get away in good style. It will be Breckon's first start with the varsity. He was a freshman star last year.

AGGIE TEAM IS CRIPPLED

Judd and Lewis Not Eligible; Ellsworth Out for Rest of Year—Otherwise Team Is in Fine Shape for Thanksgiving Game With U. of U.

Logan, Nov. 18.—Logan is a busy town with rallies for the big Thanksgiving day game against the University of Utah, the return of many old-time stars to school and the general revival of Aggie spirit here. Logan is busy, and tomorrow further indications of this extreme business will be produced. A shirttail parade at night by the male population of the school and a large assembly of students at noon are on the program.

Aside from the ineligibility of Lewis, quarterback, and Judd, halfback, the Aggie team is in tip-top shape. Even with these men out of the game, the team is hundreds per cent better than at the first of the season, and a great fight is expected when the locals face Utah on Turkey day.

Halton has replaced Lewis at quarter and Young has taken the place of Judd at half. It is thought Judd may get in the game again, but it is doubtful if Lewis will.

Another switch made today by Coach Teetzel was the sending of Hatch into Kappie's place in the backfield. Kappie is still suffering from a charley horse. Hatch plays his position well and little difference in the men's abilities are to be noticed.

Ellsworth, halfback and end, will not be in the game against Utah, because he dislocated some bones and injured his spine. He has been in doctor's care ever since the game at Bozeman, when the injury was sustained.

Many graduates of the school who played in palmy days have returned and are among the players every afternoon.

ernoon. Jink Jones, Dave Jones, Hugh Peterson are among those. They will stay over for the Utah game, and local fans and players are praying for a victory over the Utah team.

A boost to the possibility of them realizing their hope occurred yesterday when Captain Owens showed up a la Mahan-Guernsey at drop kicking. He booted the ball over the standards with regularity from the 35 to 40 yard lines.

In a practice game between the regulars and a team chosen from the old stars and the freshmen of the A. C. this afternoon, the regulars won 27 to 6. The placement work of Owens featured.

BASEBALL MEN REPORT SUCCESS

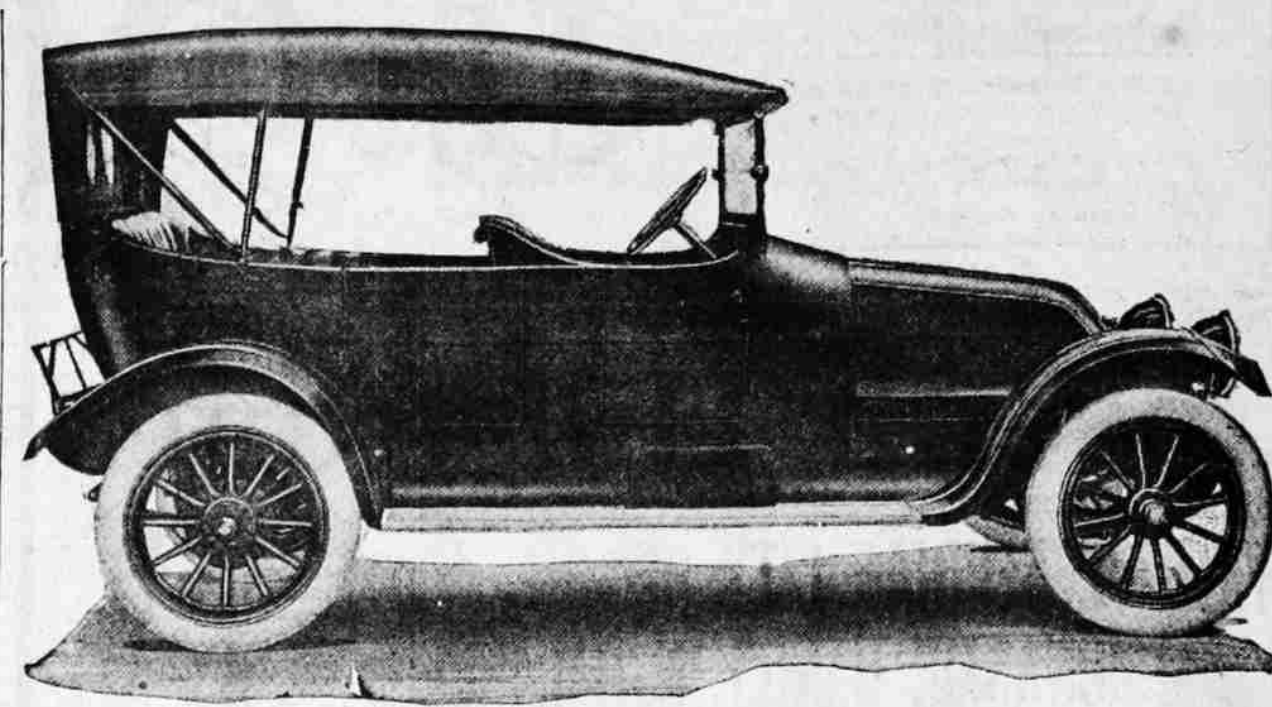

Salt Lake, Nov. 19.—Only one change was made in the body of officers of the Salt Lake Pacific Coast league for next year at a meeting of the stockholders at the Hotel Utah yesterday. That was to make Manager William O'Connor assistant secretary in the board of directors in addition to his present duties.

Officers placed at the helm this past season were re-elected by acclamation. The ballot, or even a standing vote was unnecessary, the spirit between the persons assembled being that of harmony.

Of the 1735 shares of stock in the club, 1343 shares were represented at yesterday's meeting. This constituted a one-sided majority big enough to transact all the business, and the 1343-odd shares of stock certainly did transact it.

In Manager O'Connor's reports to the directors and club owners it was learned today that during the year 205,000 paid admissions were taken in at the local gate, which amounted to \$105,000 receipts. The average gate in Salt Lake proved stronger by a fair margin than that of any other town in the Coast league, even surpassing that of San Francisco, although the general attendance at San Francisco showed slightly better than in Salt Lake. The total assets of the club were given at \$49,319.30, with \$13,776 of that wealth in the banks, and \$15,000 in the franchise. Also it is to be noted the 1915 Coast league dues are paid, which always bespeaks well.

BRIGHAM CITY SCHOOLS SAFE.
Brigham City, Nov. 18.—Superintendent of Schools D. C. Jensen has been notified by the state architect that the Garland school building and the high school in this city are safe and satisfactorily constructed. Early in the summer rumors were current here that the high school had been made unsafe when a portion of the building was remodeled. The state architect made a personal inspection of the high school.

Plans are being considered, Secretary Daniels said today, for 26,000-ton battleships to be included in the first year's part of the five-year building program congress will be asked to approve. There are no warships so large afloat anywhere in the world now.

Part of the increased displacement in the newest ships would be due to changed hull construction to provide additional torpedo defense bulkheads. While the general characteristics of the ships have not been disclosed, it is probable they will have increased armament and speed. The navy has developed a sixteen-inch rifle of which no use has yet been made, and the new ships may carry ten or more of these if developments of the European war indicate the wisdom of mounting them. The largest guns now afloat are the fifteen-inch weapons of European navies, which the American fourteen-inch rifle is said to equal for all practical purposes.

TUNNELLING THRU CANADIAN MOUNTAIN

Eastern entrance to five-mile tunnel at Roger's Pass.

A tunnel five miles long and costing \$12,000,000 is being dug through the Canadian Selkirk by the Canadian Pacific Railway. When it is completed next fall it will be three-fourths of a mile longer than any other tunnel in North America. The maximum depth of rock above it is 5,690 feet.

about to hoist the Italian ensign but the flag reached only half way up the mast when the submarine launched a torpedo which struck the steamer amidships.

The captain of the Ancona, the official account says, ordered the lifeboats lowered but while this was being done the submarine continued firing against the Ancona's boats. Some of the boats were pierced by shots, obliging the survivors to use their clothes to stop up the holes. In the meanwhile, it is alleged, those on board the submarine jeered their victims.

**ITALY SUBMITS
REPORT TO U. S.**

Official Conclusion Made That Submarine Attacked the Ancona Without Warning.

Naples, Nov. 18, 10:10 p. m.—(Delayed in Transmission).—The official report of the investigation into the sinking of the Italian steamship by a submarine off the Tunisian coast, it was announced, was sent to Thomas Nelson Page, the United States ambassador at Rome tonight. The investigation reached the conclusion that a submarine fired a shell against the wireless apparatus on the Ancona without any warning.

The captain brought the vessel immediately to a halt. The submarine, having hoisted the Austrian flag, the investigators found, the Ancona was

about to hoist the Italian ensign but the flag reached only half way up the mast when the submarine launched a torpedo which struck the steamer amidships.

The captain of the Ancona, the official account says, ordered the lifeboats lowered but while this was being done the submarine continued firing against the Ancona's boats. Some of the boats were pierced by shots, obliging the survivors to use their clothes to stop up the holes. In the meanwhile, it is alleged, those on board the submarine jeered their victims.

**FAMOUS INDIAN
CHIEF IS DYING**

Ogallala Fire, Survivor of Custer's Last Fight, Facing Death in Chicago.

Chicago, Nov. 19.—Ogallala Fire, a noted Indian chief and a survivor of Custer's last fight, is reported today to be dying here at the home of his friend, Chief Little Bear.

Chief Ogallala Fire is 87 years old. For nearly forty years he has been exhibited throughout the country as an attraction in circuses and museums. His home is on a reservation in Idaho.
